DECISION

|----------------------|---|---------------------------------|
| Oxy (USA) Inc. | : | Base Lease: COC64797 |
| P. O. Box 27757 | : | Segregated Lease: COC76081 |
| Houston, Texas 77227 | : | Kirkendall Flats Unit COC74790X |

Lease Segregation Amended

The referenced lease was segregated, due to the commitment of part of the lands to Kirkendall Flats Unit, COC74790X. This segregation is being amended because the base lease was in actual production at the time of segregation. The well (David Fed-23-15), located on the base lease had been described as the surface location, but was completed with a bottom hole location (BHL) in the SWSE of Sec. 23, which was then located on the segregated case. The well was not determined to be a unit well but a lease basis well and should have been reporting on the lease basis under COC76081, beginning the first lease anniversary date after completion of the well. The lands segregated into COC76081, outside Kirkendall Unit (shown below), will retain the serial number COC76081, which was provided a two year extension through May 20, 2013, it initially stated that it expired on that date, but due to the actual well being relocated at segregation to COC76081, it is being amended to be held by production for the life of the lease. Lease COC76081 has been reactivated.
