Comment	User	Date
Weeds haven't been controlled in accordance with previous inspections. The corrective action date to control weeds is backdated to the date the corrective action was due (10/16/2015) to document days of non-compliance.	RoyC	12/04/2015
A long-term weed management plan was due by October 31, 2015. This plan should be submitted as an attachment to a Form for and contain a minimum of: 1. A site specific description of weeds that need to be controlled 2. Control methods that will be used 3. Control timing 4. Revegetation plans for areas where infestation has been controlled if desirable vegetation is damaged 5. Monitoring plan for identification and rapid response for new weed infestations

## **ACTION REQUIRED**

**ANY ACTION REQUIRED** items listed on this report indicate that the oil and gas facility or the oil and gas operations listed on the report may be in violation of the rules and regulations of the Colorado Oil and Conservation Commission (“COGCC”) and corrective action is required.

There is reasonable cause to believe that a violation of the Oil and Gas Conservation Act, or of any rule, regulation, or order of the Commission, or of any permit issued by the Commission, has occurred. The Operator’s compliance with this Inspection Report is required to resolve these alleged violations. This document requires the Operator to timely respond to the COGCC and to comply with directives as listed by the **Corrective Action Deadline Date**. Failure to do so will result in the issuance of a Notice of Alleged Violation and initiation of enforcement proceedings in which COGCC will seek monetary penalties for the alleged violations pursuant to § 34-60-121, C.R.S. and Rule 523, COGCC Rules of Practice and Procedure, 2 CCR 404-1. (Please note that the COGCC's penalty authority was recently increased to a maximum of \$15,000 per day and penalties are no longer capped at a maximum of \$10,000 per violation.)
