All,

This email is to serve as the 48 hour notification required per the COGCC regulation regarding hydrogen sulfide measurements. The attached analytical report is for hydrogen sulfide measured in our Unocal-Encana 13D-16D well (API# 045-13796). Please review and let me know if you have any questions. I will also be submitting the required Form 4 within the required 45 days.

Thanks

Jake
