THE FOLLOWING ALLEGED VIOLATION WAS FOUND BY THE COGCC REPRESENTATIVE FOR THE SITE LISTED  
Date of Alleged Violation: 05/06/2004 Approximate Time of Violation:  
Description of Alleged Violation:  
During a routine field inspection on 5/6/04, oil was observed on the produced water pit. Two spill areas were also observed. One spill area is located to the west of the production tanks. Lab results of a representative sample indicated soil conditions that exceed the COGCC Allowable Concentrations and Levels for Organic and Inorganic in Soils: a Total Petroleum Hydrocarbon (TPH) concentration at 40,000 mg/kg, Sodium Adsorption Ratio (SAR) at 98, and Electrical Conductivity (EC) at 24.9 mmhos/cm. The other spill area is located east of the production tanks. Lab results of a representative sample indicated soil conditions that exceed the COGCC Allowable Concentrations for Organics in Soils: a TPH concentration at 26,000 mg/kg. Significantly oily soil was observed as berm material on the south berm of the tank battery. Additionally, produced water impacted areas were observed immediately west of the earthen pit. These two areas of soil impacts were not sampled.

Act, Order, Regulation, Permit Conditions Cited:  
Rules 324A.a., 902.d., 906.a., 906.b., 907.a.(1), 910.a.

Abatement or Corrective Action Required to be Performed by Operator:\*  
Remove oil from the pit if this hasn't already been performed. Submit a FORM 19 - SPILL/RELEASE REPORT for any reportable spills as per Rule 906. Submit a FORM 27 - SITE INVESTIGATION AND REMEDIATION WORKPLAN for the remediation of impacted soils. Due to the proximity of the spills to the county road ditches and/or irrigation ditches, TPH cleanup standards will be for sensitive areas at 1,000 mg/kg. Remediation of produced water impacted soils may require the application of soil amendments such as sulfur and/or gypsum. You are advised to contact the local soil conservation office or other suitable agency for further advice.  
Abatement or Corrective Action to be Completed by (date): 06/30/2004  
\* Proper and timely abatement does not necessarily preclude the assessment of penalties and an Order Finding Violation.
