Good morning,

I came across this pit during random inspections for issues with oil facilities in Morgan County.

I appreciate your taking care of the matter. As there were no avian carcasses on the day of my inspection, the U.S. Fish and Wildlife does not have a violation. However, without being cleaned up this pit will undoubtedly cause avian fatalities in the future.

The well site number and location are on the attached photographs.

If you have any questions, don't hesitate to contact me.

If you could advise me of your fine and/or actions taken, including prior violations of Declar Oil, I'll need it for my report.

Thank you.
