Operator Comments:

Surface location is NOT moving - wellbore is being extended from a short to a long lateral and the well name is changing as a result. New spacing has been approved. There are no offset wells within 1500' of the new wellbore path. There are however two Abandoned Locations 1200' to the south of the wellbore in section 5.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
