**Re: Public Water System Notification per COGCC Rule 317B.e(3)
BMC-D Pad construction and drilling operations notification**

Dear Mr. King,

Please accept this notification from URSA Operating Company LLC (URSA) of the proposed activities which will occur on the BMC-D well pad facilities.

Proposed pad estimated construction is scheduled at this time is set to commence on the BMC-B pad late 2016/ early 2017 and the drilling operations will be soon to follow.

We have implemented 317b Public Water Systems and Emergency Spill Response Plans as well as the necessary baseline and surface water quality sampling standards.

We welcome the opportunity for the City of Parachute to contact us with and questions or concerns.

Sincerely,

Jason Raley
URSA Consultant
