Diana-

We are having trouble on the Fairview #7. We hit a fault while drilling the lateral and we are needing to sidetrack so that we can place the well in the correct spot.

With your permission we'd like to execute an open hole sidetrack on this well-

API – 05-123-41518
Total MD Drilled – 14,770'
Surface Casing was last string run- 9 5/8" 36# set at 1,568'
No Fish in hole

Open hole sidetrack proposal:
Proposed sidetrack point- 12,700'
Objective formation of sidetrack – Codell
Proposed BHL: 1320 FSL / 2205 FWL Section 4, T2N, R68W (No change from original APD)

I will call after 8 AM to discuss if I do not see a reply back.

Thank you-

Dustin Dyk
