Good afternoon Peter,

Please find the attached Form 27 for the Wirkner-Vance 3C-36HZ groundwater remediation site.

Although the Form 19 for this location was submitted through the e-Form system, it was during an era when we were directed to check the 'Work proceeding under an approved Form 27' box by default. As such, the Form 19 is closed and we cannot submit this as an attachment to the E-19. Please don't hesitate to contact me with any questions or comments that you may have regarding this submittal.
