**RE: COGCC Rule 318A.c.: Twinning Exception Location Consent  
Schneider 31-L Pad: NESE Section 31, Township 7 North, Range 66 West  
Weld County, Colorado**

Dear Mr. Lepore:

Bayswater Exploration & Production, LLC (Bayswater) is planning to drill the following horizontal wells on the above referenced pad:

<b>Schneider T-31-36HC</b>	<b>1310' FSL 305' FEL</b>	<b>Section 31-T7N-R66W</b>	<b>Document # 400955309</b>
<b>Schneider U-31-36HN</b>	<b>1295' FSL 305' FEL</b>	<b>Section 31-T7N-R66W</b>	<b>Document # 400955311</b>
<b>Schneider V-31-36HN</b>	<b>1280' FSL 304' FEL</b>	<b>Section 31-T7N-R66W</b>	<b>Document # 400955315</b>
<b>Schneider W-31-36HC</b>	<b>1265' FSL 304' FEL</b>	<b>Section 31-T7N-R66W</b>	<b>Document # 400955316</b>
<b>Schneider X-31-36HN</b>	<b>1250' FSL 304' FEL</b>	<b>Section 31-T7N-R66W</b>	<b>Document # 400955317</b>

Colorado Oil & Gas Conservation Commission (COGCC) Rule 318A.c. states that any new well is to be located within 50 feet of an existing well. Bayswater's above referenced wells are being permitted as exception locations since they are located greater than 50' from the nearest existing well. Currently these wells are located 538 feet from the nearest well. These wells are being proposed at this location due to an agreed upon location in the Surface Damage Agreement with the surface owner. Bayswater has obtained written permission from the surface owner by way of signed waiver.

Bayswater respectfully requests the COGCC to review the enclosed information and approve the requested exception location and Application for Permit to Drill for the wells on the subject pad. Many thanks.

Respectfully,

A handwritten signature in blue ink, appearing to read "Jeff Annable".
