Inspector Comment:

This is a Reclamation focused Inspection for PA Well API# 077-00018. Inspection is being conducted to Document Conditions so that Well can be correctly classified, have correct Status assigned and determine procedures, scope of work (if any) needed to satisfy COGCC Rules & Regulations. Well has no information filed under Document or Review, and Plugging date on Scout card is believed erroneous. This Well has been grouped at Location# 390877 with three other seemingly Unrelated Wells. The Location has no evidence of disturbance (refer to Photos), yet there are Four unidentified open Well casings/bores, flowing water(et All?) within 225 to 400 ft. Identity of the 077-00018 may need to be assigned to one of the Debeque Unknowns shown on attached Map.
