COMMENTS:

The following corrective actions have been completed: 1)Site has been graded to remove vehicle tracking and rutting. 2)Gravel piles have been removed. 3)Landscaping;landowner is selecting tree varieties to plant, planting with be completed by June 1, 2016. 4)A storage location for equipment has been identified and will be constructed as weather permits.

Mendell is requesting a 2-year variance on the reclamation requirements from today's date. We have permitting issues with Adams county due to their moritorium and now the new untested regulations. This in addition to the current economic environment is making it difficult for us to move forward with our plans. We appreciate your consideration to this request.
