Location does not meet final reclamation regulations. Final reclamation per Rule 1004 should commence no later than the first revegetation season following this inspection (most likely Fall 2016).	binschusc	03/31/2016
Under the Colorado Noxious Weed Act, noxious weeds must be prevented from spreading to surrounding lands. Spread and infestation of a Colorado List B noxious weed (Bull thistle- <i>Cirsium vulgare</i>) exists throughout the location, along the lease road, and spreading onto adjacent lands needs to be controlled per Rule 1004 by corrective action date of 5/02/16.	binschusc	03/31/2016
May need to consult with local weed control agency or other weed control authority because the high level of weed infestation.
