Township 5 North, Range 66 West, 6th P.M.
Section 5: NW/4NE/4
Weld County, Colorado

Dear Mr. Wiedeman:

Synergy Resources Corporation ("Synergy") has drilled the listed eight (8) oil and gas wells on the referenced lands above but has not yet commenced completion operations.

Rule 1003.b of the Rules and Regulations of the Colorado Oil and Gas Conservation Commission ("COGCC") states "All disturbed areas affected by drilling or subsequent operations, except areas reasonably needed for production operations or for subsequent drilling operations to be commenced within twelve (12) months, shall be reclaimed as early and nearly as practicable to their original condition or their final land use as designated by the surface owner and shall be maintained to control dust and minimize erosion to the extent practicable." For cropland, interim reclamation is required to occur within three (3) months after the wells are completed. Due to unforeseen events, Synergy has not been able to proceed with completion operations and therefore respectfully requests that you, as the surface owner, waive Rule 1003.b. We understand this may limit your agriculture plans for the 2016 season but the current condition of the location is temporary. Once the wells have been completed, Synergy will comply with the COGCC interim reclamation rules. During this temporary condition, Synergy asks that you as the surface owner or any tenant on the lands, not impede ingress to or egress from the active oil and gas location.

In the interim, Synergy will perform the following:

- Seed the bermed areas around the oil and gas location
- Plant and seed the topsoil within the oil and gas location
- Provide stormwater management BMP's in and around the location
- Keep the oil and gas location free of all debris and noxious weeds
- Vigorously monitor and maintain the oil and gas location

Please sign below to evidence your waiver and have your signature acknowledged by a Notary Public on the acknowledgement form attached. If you have any questions, please do not hesitate to contact me at (970)-737-1069.

Sincerely,
Synergy Resources Corporation

Brian DeRose
Senior Operations Landman

The undersigned hereby waives COGCC Rule 1003.b
