## COMMENTS:

We would like to utilize the existing soil bins at our Unocal 4 pad location for temporary storage of impacted soil collected with hydrovac equipment during subsurface line locates. This location has already been approved for temporary storage of wellbore sand through a COGCC-approved Form 4 Waste Management Plan (WMP) (COGCC Document ID 400768403). All procedures approved under that WMP will be followed for the safe hauling, storage, and permanent disposal of this waste stream.
