

W¹/₂ - SW¹/₄ and the East 23 acres of SW¹/₄ NW¹/₄
Section 34 T. 6 S. Range 94 - W 6th P. M.

Signed Extension lease in 1952 for 7 years
which should have expired in 1959

But wasn't recorded till 1955 They claimed it didn't
expire till 1962.

Well was started in March 1960 by Carter & Carter
with in 200 ft of house
Moved rig out twice - the last time Feb 1962.

No damages settlement was ever made by Co.
Nor no shut in gas paid

Could not
~~had no~~ use of pasture for over 3 years

Had to repair & put fences up 4 times
to keep stock out
hailed but - truck loads of wire & lumber etc so that we were ^{permanently} ~~to~~ ^{to} ~~again~~

Lost 3 sheep in slush pond and had
to pull cows & dogs out that couldn't
make it on their own power

My two grand sons wandered over the to well
and got ^{small} acid ^{poison} on their faces and had to
be rushed to the doctor.

Had to hire a bulldozer to dig the slush pond shut so stock
and children wouldn't get in.
Things to consider in new lease for 5 years.

no sub leasing

Free gas for ranch owner

Company maintain repairs & up keep on well with
out cost to land owner

Clear abstract & bring up to date.

15⁰⁰ acres for 1st year - 5 per acre for 4 years
