Kris,

As per the COA from Form 27 concerning the Gamma State 14-15D drilling pit (LOC ID #313399), SWN will begin hauling operations to remove the E&P soil stockpile waste at the Gamma State 14-15D drilling pit (LOC ID #313399). The waste will be hauled to RN Industries disposal facility in Meeker, CO. The duration of the project is estimated to take 2-3 weeks.

If you have any questions concerning operations please contact Sean Burke, SWN Production Superintendent, at his office [832-796-2953](tel:832-796-2953) or his cell [501-339-7059](tel:501-339-7059).

Please let me know if you have any questions or need further information I can provide.

Regards,

Cheryl
