RE: Form 27 (Document #1727421) Conditional Approval  
Antelope Farms #1-24 Skim Pit (Facility ID #104731) Closure/Remediation  
NWSW Section 24-T2S-R63W  
Adams County, Colorado

Dear Mr. Paine,

The Colorado Oil and Gas Conservation Commission (COGCC) received a Form 27 Site Investigation and Remediation Workplan for closure of the skim pit at the subject site on April 7, 2016.

The Form 27 is approved with the following conditions:

- Due to the failure to submit a complete Implementation Schedule with the Form 27, the COGCC requires the approved workplan (attached) to be completed by August 31, 2016.
- Confirmation samples for pit closure shall be collected and analyzed for contaminants listed on Table 910-1 prior to backfill of pit. At a minimum, samples must be collected from the floor and sidewalls of the pit. A sample location diagram, summary table, and laboratory report shall be submitted with the sample results.
- If shallow groundwater is encountered during excavation of impacted soils, a representative groundwater sample shall be collected and analyzed for BTEX.
- Any active or historical spills encountered during excavation of impacted soils shall be documented via Form 19 Spill/Release report, per Rule 905.c.
- Flowlines leading to and from the skim pit shall be fully excavated or abandoned in accordance with Rule 1103.
- Disposal of impacted soil, contaminated water, and other E&P waste shall be documented in accordance with Rule 907.b.(2). Copies of haul tickets, manifests, and gate tickets shall be provided within thirty (30) days of conclusion of site
