RE: Wells Ranch AA22-674, API 05-123-42306, Sundry Doc # 401033254
Section 22: SW/4NW/4 Township 6 North, Range 63 West, 6th P.M.
Weld County, Colorado

Dear Director:

Noble Energy, Inc. is planning to modify the well plan for the above well.

Noble's proposed wellbore spacing unit remains unchanged and still consists of the Sec 22: N/2, Sec 23: W/2NW/4, T6N, R63W, creating a 400-acre wellbore spacing unit for the Niobrara formation. Noble is not the only owner within the proposed wellbore spacing unit and as such provided an Amended Notice to owners whose right to object has changed as a result of the well plan change. This Amended Notice provided a 30-day period during which the owner(s) could object. An Updated Notice was sent to owners whose right to object did not change as a result of the well plan change. Copies of the required notice letter(s) are on file at the Noble offices. All notices have been sent and the required timeframe for the Supplemental 30-day notice has elapsed absent the receipt by NEI of any objection to said proposal by the owner(s) within the proposed spacing unit for this well.

The Top of Producing Zone for this well is changed from: 1034' FNL, 750' FWL, Section 22, T6N, R63W, 6th P.M. to : 975' FNL, 667' FWL, Section 22, T6N, R63W, 6th P.M.

Thank you for your attention to the enclosed. Noble respectfully requests that the COGCC review the enclosed information and approve the sundry for the captioned well.

Sincerely,

Justin Garrett
Regulatory Specialist
Noble Energy Inc.
