

Document Number: Form 27 document #200439528 REM #9650

Location ID: 326429

WPX Energy Production LLC, REM Project #9650, NENW Section 12 T33N R8W, N PM, La Plata County, Colorado, Form 27 Conditions of Approval (COAs)

Conditions of Approval:

Conditionally approved, however, additional information or activities may be required during the course of remediation. Specifically, the following guidance shall be adhered to as COAs.

COGCC approval is contingent on operator providing notice to SW Environmental Protection Specialist Jim Hughes, [jimo.hughes@state.co.us](mailto:jimo.hughes@state.co.us) or 970-903-4072 a minimum of 72 hours prior to conducting field operations.

**Sampling Requirements**

1. Discrete soil samples shall be collected to adequately characterize whether an impact has occurred. Composite samples will NOT be accepted for this purpose. Samples shall be analyzed for Table 910-1.
2. For any release, regardless of size, the operator shall document the source and location, the impacted media and the extent of impact, how and when the operator plans to remediate the impacts, the final disposition of any impacted material removed from the location, as well as analytical results from confirmation samples.
3. Operator shall comply with Rule 910.b.3.
