Adam,

Please send an email with the email addresses you want COGCC to use for distribution of inspection reports. I have some inspections to issue today.

Rob, that doesn't answer the questions. Please try again. It is our safety policy that all parties are escorted.

John,

The only contact I made was sending you the field inspection. I mainly walked the area east of the pits and the area that is being reclaimed.

Thank you,

Rob

Did you contact the pumper and or notify the land owner that you were present? Any verbal conversation with the field about the items?

I would prefer that you not go around the plant at the Rice without an escort. Please note that in the future.

I can provide their names/phone numbers if needed.
