**COMMENTS:**

PDC requests to rotate the production facility site for this location to avoid a Sinclair easement. As currently approved, the production facility site lies directly on top of the Sinclair easement. No additional surface disturbance will be needed. There are no building units within 1000' of this location. The drill pad of this location has been constructed and the wells have been drilled. The production facility area has not yet been constructed. See location drawing, access map and cultural distances plats attached.
