Dear Mr. Lepore,

This letter hereby certifies that PetroShare Corporation (PetroShare) complied with Rule 306.e. for the above referenced Oil and Gas Location. All Building Unit Owners within the buffer zone were sent certified letters notifying them that PetroShare is seeking an oil and gas permit and associated Oil and Gas Location Assessment.

To date, I have had several phone calls from the adjacent surface owner regarding setbacks. No meeting was requested but several drawings and maps were sent via mail. No meetings were requested per the COGCC notifications. However, an open house was held on May 24<sup>th</sup> per the Adams County Use by Special Review permit requirements. Over two hundred people were invited; 40 RSVP'd and approximately 20 attended the open house. Comments and concerns were noise, dust and visual mitigation. Mitigation measures were discussed.

We continue to be available to answer questions and hold meetings between residents and operator.

Please send a copy of all correspondence to Upstream Petroleum Management, Inc. at 7000 S. Yosemite St. Suite 290B, Englewood, CO 80112.
