Final Review	Changed "Is this application being submitted with an Oil and Gas Location Assessment application?" from "Yes" to "No." This is a Form 2 Refile for a location with a previously-approved Form 2A that expires on 4/20/2017. Operator submitted, "Distance from proposed wellbore to nearest existing or permitted wellbore belonging to another operator: 5280 Feet (Including plugged wells)." The vertical wellbore paths of three other offset wells to the northeast (SWNW 1-6N-62W DA well Wild Eagle #1, 123-12437), the northwest (SWNW 1-6N-62W PA well Kyne #1, 123-07057), and the southeast (SWSE 13-6N-62W DA well Greasewood #W 1, 123-11591) are closer to the wellbore path of this proposed well. However, the distance to all three offset wells belonging to another operator exceeds 3000 feet. Offset operator anticollision is not required.	6/12/2016 5:21:22 PM
