Good Morning Alex,

Attached is a list of wells that contribute to the Roan Creek Evaporation Pit. If you need additional research on any of the wells, please let me know. Have a great week, Janet

Miss Janet,

Please find attached our best estimate of the Maralex wells that would feed the water evap facility. Most of the wells were shut in April 2010..

I did not inspect files for actual approvals. It would take lots of work but would be glad to look if needed. i.e. the files' location are somewhat of a detriment.
