

**photo 1:** Facing southeast along the reclaimed access road toward the location.

**photo 2:** The vegetation is not established along the slope (former access road).

**photo 3:** View of the vegetation cover along the slope. There is field bindweed growing along this area.

**photo 4:** Facing back to the northwest along the slope.

**photo 5:** Facing east toward the location.

**photo 6:** There is noxious weeds (Canada thistle) growing at the north and east side of the location.

**photo 7:** The Canada thistle is beginning to develop seed head.

**photo 8:** East side of the location facing west.
