Comment	User	Date
<p><b>Location does not meet Rule 1004 regulations for the following reasons:</b></p> <p>1) Access road and associated facilities have not been properly reclaimed. All such reclamation work shall be completed within twelve months on non-cropland after plugging a well or final closure of associated production facilities. Tank battery location and access road still remain. Need to remove gravel first before seeding both the tank battery location and access road.</p> <p>2) All debris and surface equipment shall be removed within three months of plugged a well. All debris, surface equipment, and trash needs to be removed by 8/15/16. Refer to attached photos of documented debris, surface equipment, and trash.</p> <p>Refer to attached photos in Document #682400961.</p> <p>Also, provide an agreed upon schedule of reclamation operations, and documentation that debris, surface equipment, and trash have been removed to an attached Form 4 by CA date of 8/15/16, assigned to Chris Binschus. After approval of the schedule of reclamation operations provided in the Form 4, a new corrective action date for final reclamation will be set through the Form 4 process.</p>	binschusc	07/18/2016
