COGCC Comments

Comment	User	Date
Location does not meet Rule 1004 regulations for the following reasons: 1) Associated facilities have not been properly reclaimed. All such reclamation work shall be completed within twelve months on non-cropland after plugging a well or final closure of associated production facilities. Access road still remains. 2) All debris and surface equipment shall be removed within three months of plugged a well. Gate and culvert needs to be removed by 9/1/16. Refer to attached photos in Document #682401089. Provide an agreed upon schedule of reclamation operations, and documentation that surface equipment (gate and culvert) has been removed, attached to a Form 4 by CA date of 9/1/16, assigned to Chris Binschus. After approval of the schedule of reclamation operations provided in the Form 4, a new corrective action date for final reclamation to reclaim the access road will be set through the Form 4 process.	binschusc	08/04/2016
