Cheryl,

Pit Facility 443910 has been closed in the COGCC database.

Remediation project 9024 has been closed.

NO Further Action is required at this time by SWN regarding the pit closure.

The Responsible party for the location should comply with all COGCC rules regarding Reclamation. The Location Facility will remain "active" until the location is reclaimed.

Thanks.

Kris,

The Gamma State pit backfill and reclamation was completed as of 8/18/16. Do you need me to file a Form 27 or Form 4 attaching pictures and stating the pit reclamation is complete? I want to make sure this is wrapped up per COGCC rules.

Cheryl
