Jacob,

I have a few changes that we need to make to this Initial Spill Report:

1. There is a Tank Battery location with Location ID 419892 for this release point. The Location currently lists Bayswater as the Operator. It looks like ownership of the wells transferred to Noble in February 2016, but the Tank Battery Location did not. Noble needs to submit a Form 10 to take ownership of Location ID 419892.
2. In the meantime, this Form 19 can still be submitted as a release on Location ID 419892.
3. Since the release was on an oil dumpline, the Facility Type should be Flowline, not Tank Battery.

I can make changes #2 and #3 and pass the form, with your approval of my changes on Noble's behalf. Noble needs to address item #1.

Thank you,

Rick
