

Subject: Amend #1 Surface Owner Consent

Date: September 9th, 2016

Ward Petroleum (Ward) wishes to re-enter and properly plug and abandon the Amend #1 well in the SE-SE of Section 30, 1S, 66W. To do so Ward requests access to the well from the surface owner's property. Ward will use the shortest route to gain access to the well along the property.

As the surface owner of the land where the well in reference lies, I, Joshua Woodbury, give my consent for Ward to access and plug the well.
