**General Comments**

<b><u>User Group</u></b>	<b><u>Comment</u></b>	<b><u>Comment Date</u></b>
DOW	CPW prefers fall construction on this site, especially since it is within the sensitive wildlife habitat for a bald eagle nest that was active in 2016. CPW also prefers that site construction is completed by December 31, 2016.  Should construction be delayed and need to be continued into January (or if the project location changes), CPW recommends notice of this change, as another consultation is recommended.	10/14/2016 11:26:10 AM
OGLA	Review location and new equipment. Contact CPW for awareness of changes to location.	9/30/2016 2:12:57 PM
Routing Review	A task has been opened for the Regional OGLA Specialist to review the information provided by the operator.	9/26/2016 4:06:35 PM
