Hi Melissa --

Please move the current BMPs, other than those listed below, to the "submit tab" for the 2A permit application that your office is considering. We understand that when and if an operator engages with the County through the negotiation of an MOU, it will be the County's responsibility to enforce all BMPs that do not fall under the jurisdiction and enforcement of the COGCC and the State.

Public Comment

Elbert County would like to include on the conditions of approval on any 2A permit within the boundaries of Elbert County:

1. Operators shall use a closed loop system. (#2.a., Page 1 of Elbert County MOU)
2. Operators shall NOT use surface pits for ANYTHING other than fresh water (#2.b., Page 2 Elbert County MOU)
3. Operators shall NOT use produced water in any surface application (e.g. roads for dust mitigation). (#15, Page 4 Elbert County MOU)

The County appreciates the opportunity to comment on these applications.

Kyle Fenner
