ENSIGN
RIG 121

The image shows a section of an offshore oil rig. A large, dark blue corrugated metal container, labeled 'ENSIGN RIG 121', is the central focus. Above it, a complex steel lattice structure supports various pieces of equipment, including a prominent orange component. A thick, grey pipe runs diagonally across the frame. To the left, a white staircase with blue railings is visible. The background is a blue sky with scattered white clouds. In the bottom right corner, there is a red digital timestamp.
