Carlos- I would consider Annette's email as a project update and to be uploaded to the REM Number.

Thanks  
Alex

Hi Carlos,

Sorry, I meant to email you on Friday, but it must have slipped my mind.

Chevron is hesitant to meet right now, until we figure out the land agreement. The land departments are supposed to be working on it this week.

I have been going back and forth with Craig Tysse of Chevron, and he may agree to meet soon, if it seems like the land departments will come to an agreement. I have made it clear that we are going to need to complete this work in the spring, no matter what.

I should know more at the end of this week, or early next week and will keep you posted.

We did complete the first round of vacuuming in MW-11. I will have CB&I prepare a summary of the activity.

Thank you for your patience!
