Hi Carlos,

Sorry, I meant to email you on Friday, but it must have slipped my mind.

Chevron is hesitant to meet right now, until we figure out the land agreement. The land departments are supposed to be working on it this week.

I have been going back and forth with Craig Tysse of Chevron, and he may agree to meet soon, if it seems like the land departments will come to an agreement. I have made it clear that we are going to need to complete this work in the spring, no matter what.

I should know more at the end of this week, or early next week and will keep you posted.

We did complete the first round of vacuuming in MW-11. I will have CB&I prepare a summary of the activity.

Thank you for your patience!

Annette,

Sorry, my appointment is tomorrow (Tuesday), so I am available any time on Wednesday. I am not sure about Stan's schedule but I suspect he doesn't have any other commitment on Wednesday. Let's touch bases with him tomorrow to confirm.

Thanks,

Carlos

Annette,

Any news from Chevron about the proposed Wednesday meeting?

I have a doctor's appointment here in Rifle at 11:00 am, so I would prefer if the meeting is in the afternoon.

On the other hand, Stan is coming back tomorrow (Tue, Nov 1st) from his vacations, so he should be able to attend the meeting as well.

Thanks,

Carlos

Annette,

Yes, any time will work. I just don't want to meet too early in the morning :)

Thanks,

Annette,

Nov 02, 2016 works fine.

At what time do you want to meet? 9:00 am (earlier, later?)

Thanks,

Carlos
