Hello Mr. Christianson,

Thank you for your time today and for allowing COGCC to collect a sample from your water well. There are six attachments to this email. Some of them are quite lengthy so if you would like this information sent as a paper copy via US Mail, please let me know and supply a postal address. The six attachments are:

1. A letter that summarizes the results
2. A file with field data collected and photograph
3. A table that summarizes the laboratory results
4. The ALS Environmental Laboratory Report
5. The Dolan Integration Group Laboratory Report
6. "How Well Do You Know Your Water Well" booklet

Best Regards,
Rick
