Cathy,

I apologize for not getting back to you sooner. I was waiting to clarify with Linda at COGCC regarding reporting requirements.

We checked with the water truck. From the 12-8, they removed 1 bbl and from the 12-6 it was less than 1 bbl. It was my understanding that, as per NTL 3A section III, at those quantities, a written report wasn't required. Please let me know what information I need to submit via sundry.

Thanks,  
Jessica

I am still waiting on all the items ordered for both these wells (12-8 & 12-6). We approved your sundry but still don't have compliance with the orders. You will also need to comply with NTL 3A section III as it is
