<u>Complaint</u>			
Comment:	Complaint DOC# 200440545. Area resident complained about noise coming from the Crestone location at HWY 66 and County Line Road. OGCC staff was on location on 11/15/16. There was a VRU running on location behind sound walls. A sound survey was run 350 ft from the VRU (the noise source) to the SW of location which was in the direction of the complainant. The sound survey resulted in a LeqA of 47.3db. The A scale noise was evaluated due to traffic on HWY 66, however the 47.3db is in compliance with Rule 803 for battery operations day and night 18A DOC#20440548.
