Comment	User	Date
There is undesirable vegetation growing throughout the location. Weed control practices (e.g. mowing) should be performed to facilitate desirable vegetation establishment.	CostaR	11/23/2016
Establish vegetation with total perennial non-invasive plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Continue to monitor and manage this site until the Final Reclamation requirements are achieved.	CostaR	11/23/2016
