1. Bearings shown are Grid Bearings of the Colorado State Plane Coordinate system, North Zone, NAD 1983. Lineal units are U.S. Survey feet modified to ground measurements.

2. Elevations are based on Geoid 12A, NAVD 1988.

3. Latitude and Longitude shown are based on NAD 1983 datum.

4. This map does not represent a boundary survey.

5. Distances to section lines are measured at 90 degrees to said section lines.
