#### COMMENTS:

Variance Request from COGCC Rule 318A.e(5)B.

A notice was mailed to each Working Interest owner (WI) on November 1, 2016. In trying to comply with this regulation KMG has encountered circumstances to which KMG believes were not intended to be an issue in permitting wells. Those circumstances include several unleased mineral owners (who are technically WI owners) whom KMG has made best efforts to notify, but for reasons beyond our control, either 1) are no longer at the address of record; 2) the post office is unable to deliver because there is no one at the address of record; 3) for reasons unknown the working interest owner has not or will not pick up their notice. The Working Interest owners that this variance apply to are very small interest owners under small lots or tracts within the spacing unit being applied for.
