Permit	<p>There is no change in the waste management program from the original approved form 2A and 2.</p> <p>Spacing order doesn't create a unit, therefore I removed the distance to unit boundary of 540' as well as the unit acreage and unit description. Operator agrees with changes.</p> <p>Also removed comment in spacing and formations section regarding pooling.</p> <p>Corrected distance to well in same formation from 729' to 372' measuring to the American Soda GM 234-34; with operator approval.</p> <p>Final review complete.</p>	01/04/2017
Engineer	<p>Offset water well check: COGCC evaluated offset water wells within one mile of this proposed well's surface hole location. This information was used in addition to locally-available geophysical logs and hydrogeologic information to evaluate the adequacy of the operator's proposed surface casing setting depth. The deepest water well within one mile is 130 feet.</p> <p>Offset Well Evaluation: Existing offset oil and gas wells within 1,500 feet of this wellbore meet standards.
