General Comment:

This is an Abandoned Location Inspection, for Wells API#s 045-07889 & 07890; APDs first Approved 7/16/2001 for Ballard Petroleum; Abandoned 7/29/2002 by Encana Oil & Gas. It does not appear that these AL Wells were drilled on Location with Six Producing Wells; therefore these are Well Releases on an Active Location. The GPS Position of the AL Wells is in the Interim Reclamation area at the South end of the Location. There are two other AL Wells Released in 2002 in same Area assigned to a separate Location #383162.
