**General Comment:**

This is a Final Reclamation Inspection for PA Well API#045-06046; Spud 11/20/1973 by Maguire Oil Co. Plugged and Abandoned 5/6/2005 by Westport Oil & Gas. Scout Card on this Well has it P&A in 1974. It received a Passing P&A Inspection 9/11/1991; later that year it was determined to be SI on heavily overgrown revegetated Location. Notes in 2006 Complaints Inspection say Fence was knocked down during Reclamation Work by Operator KERR-MCGEE OIL & GAS.

Comment: Access Road has not been Reclaimed, nor has site been re-contoured. It appears site has naturally revegetated; though Snow Cover prevented detailed Vegetation assessment. Items from previous Inspections have been resolved as there was no evidence of Pit or Debris. One area of Old growth Thistle (B List Noxious Weed) was noted as well as remnants of Annual Weed Growth. To reiterate; Well was plugged in 2005 not 1974 as stated on Scout Card.
