REMEDIAL WORKPLAN

Describe initial action taken (if previously provided, refer to that form or document):

Spoke with Rob Young about issue, and I am currently getting a soil sample tested by laboratory for the following: PH, EC, and SAR. Depending upon how the results come back from the test I will take the appropriate actions. I will have the test results back before February 17, 2017. Then I will submit another form 27 outlining what actions need to be taken before February 17, 2017.

Describe how source is to be removed:

Describe how remediation of existing impacts is to be accomplished, including removal and disposal at an injection well or licensed facility, land treatment on site, removal of impacted groundwater, insitu bioremediation, burning of oily vegetation, etc.:
