General Comment:

This is an Abandoned Location Inspection for Wells API#s 045-11372 & 045-11359. It does not appear that these AL Wells were drilled on Location with Four Producing Wells; therefore these are Well releases on an Active Location. Permits first Approved 10/21/2005 for Petrogulf Corp, Abandoned 9/9/2008 by Laramie Energy. These Wells did receive an AL Inspection in 2016, however they do not appear to have been triggered for FR Release; this Inspection is an attempt to rectify that oversight. This is a Multi Layered Location & at one point the Wells were mistakenly assigned to other Location#383273; this may have caused the Confusion.
