Michael,

I have reviewed the referenced Amended Form 2A Oil & Gas Location Assessment and have the following comment.

In the Construction section you have indicated the date planned to commence construction is 1/6/17. As the permits for amending this Oil & Gas Location to drill two additional wells have not been approved yet, please provide me with a revised date planned to commence this work.

Please respond to this correspondence by March 9, 2017. If you have any questions, please contact me. Thank you.

Lets change it to 4/1/17 and can you change the interim reclamation to 10/1/17.

Thanks,
