Nature of complaint: Vehicle Tracking

Field Inspector Actions:

On 2-27-2017, I was contacted by James Precup NE supervisor of the COGCC in reference to a vehicle tracking complaint in the area of the Pratt location in Erie CO.

I attempted to contact the complaint by phone at approx. 1448 Hrs on 2-27-2017.

I performed a complete site inspections of the Pratt pad located west of WCR 5. See inspection Doc#672500417 for complete details of inspection. At the time of the inspection, I did not observe any vehicle tracking occurring from the Pratt pad. The vehicle-tracking pad at the entrance of location appeared to be in place and properly maintained at the time of inspection. See attached photos on inspection report.

Upon inspection of the location I observed other dirt work being performed north and south of the Pratt pad on WCR 5 this work was being performed by utility crew not related to the Pratt pad.

No violations of COGCC rules were observed at the time of inspection.

All information and inspection documents were forward on to complaint specialist for further review.
