COGCC Rule 306.e.(5): Operator Certification  
Windsor LV2 14-M Pad: SESE Section 14, Township 6 North, Range 67 West  
Weld County, Colorado**

Dear Mr. Lepore,

Extraction Oil & Gas, Inc. (Extraction) has filed the Form 2A Oil and Gas Location Assessment (OGLA) for the proposed oil and gas pad referenced above.

Pursuant to COGCC Rule 305.c., Extraction certifies that the required notifications to all Building Unit Owners within the Buffer Zone Setback were sent and was available for meeting and/or consultation. Extraction received one request for meeting and/or consultation from David Stromberger. David had some questions regarding the operations and after all his questions were answered, he had no further concerns. This letter serves as Operator Certification that Extraction has complied with COGCC Rule 306.e.

Extraction respectfully requests the COGCC approve the Form 2A for the Windsor LV2 14-M Pad. Many thanks for your consideration of this matter.

Respectfully,
